About us

One World Tech Spares is a globally recognized supplier of industrial equipment and spare parts, catering primarily to the Cement, Oil & Gas, and Mining industries.

With headquarters in Dubai and operations in India, we supply Machinery and spares from reputed Indian and European manufacturers at competitive prices.

Our technical knowledge, global logistics, and procurement capabilities enable us to minimize downtime and enhance plant efficiency for clients worldwide.

Our Mission

To be a one-stop solution for industrial spare parts and machinery through reliable, cost-effective, and cutting-edge solutions.

Our Vision

To become a global leader in industrial supply by building long-term partnerships and delivering excellence in every transaction.

WHY CHOOSE US ?

High-Quality Materials:

Our products are made from premium steel and alloys, ensuring strength and durability in demanding industrial environments.

Tailored Solutions:

We offer customized parts designed to fit various models of plants and specific customer requirements.

Cost-Effective:

We provide affordable spare parts without compromising on quality, helping you save on maintenance and replacement costs.

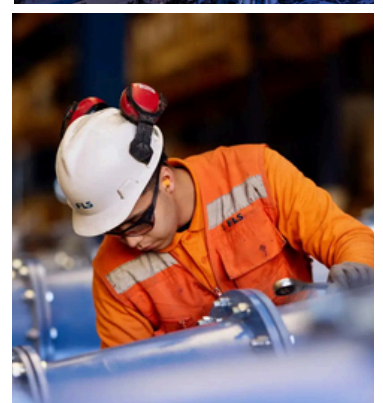

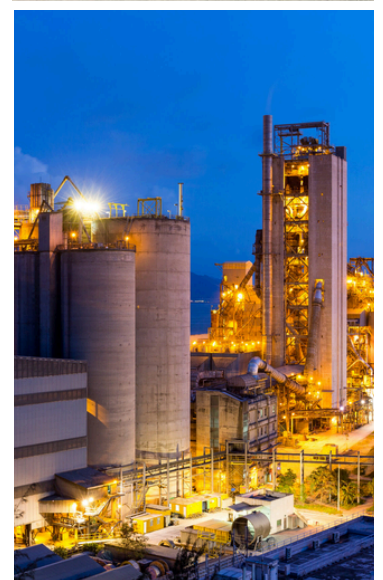

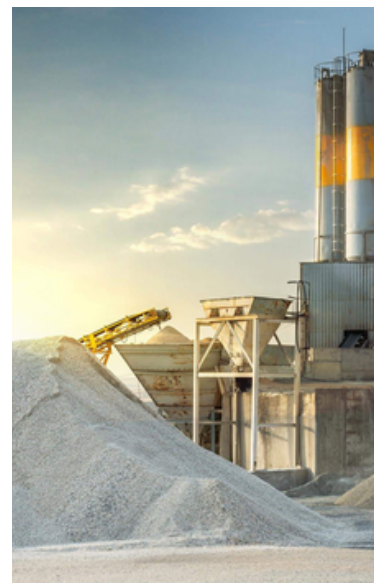

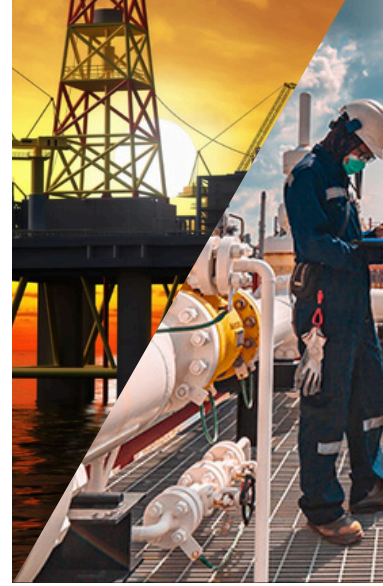

Global Shipping & Fast Lead Times

We offer fast delivery services worldwide, ensuring minimal downtime for your operations

Proven Track Record

Trusted by industry leaders, we have a history of supplying high-quality cement ,Mineral ,Oil & Gas Industries spare parts to businesses across the globe.

Products & Services

✓ Mechanical Parts

- Gearboxes & Pumps
- Belt Conveyors
- Rollers / Idlers / Pulleys
- Chains – Bucket Elevator
- Air Slide Conveyors
- Lab Equipment
- Universal Joint Shaft Actuators
- Screw & Pneumatic Conveying Systems
- Castings & Wear Parts
- Rotary Dryer

✓ Sealing & Fluid Components

- Valves
- Hydraulic Units
- Seals / Gaskets / Hoses
- Filters of All Types

Wide range of industrial blowers, Fans and compressor are available with different sizes, options, and configurations to match every industrial application.

Cement Plant Spare Parts

Automation & Measuring Devices

One World Tech Spares

Instrumentation :

We deliver updated technological automation and instrumentation products for measuring and controlling material in a wide range of industries. We help industrial customers to achieve maximize productivity and efficiency.

Different measuring equipment and automation spares.

- Mirion- IST Kiln Cameras
- Fluke Infrared Thermometers
- Float Switches
- Vibration Sensors
- Temperature Gauges
- Pressure Gauges

Fluid Measurements & Control Systems

- Flowmeters
- Solenoid valves
- Actuators and position feedback
- Transmitters and Controllers
- Level Measurement
- Sensors

Electric Part

One World Tech Spares

We supply new and replacement electrical items and spares for cement plants. Contact us with type of existing item so we can offer an exact replacement.

Electric Motors : All types of Electric Motors, geared motors, AC/DC Motors.

Electrical Equipment

Different Electrical items and spares from SIEMENS, ABB etc.

- Circuit Breakers & Cables
- Battery Chargers
- Circuit Boards
- Load Cells & Encoders
- Transducer & Relays
- Electric Panels & Junction Box
- Electronic Panels
- H.M.I (Siemens & ABB)
- Power Distributions Boards
- Power and Control Bus Bar
- LV HRC Fuse Extractor
- Thermocouple – All Types
- Speed Monitoring
- Controllers
- Transformers
- Actuators
- Transmitters
- Electric Panels
- Relays with base
- Transducers
- Encoders
- Cables & Fuses
- Switchgears
- Sensors
